ABSTRACT

Intended as a reference for persons seeking documentation on adult education, this directory provides a list of professional journals and newsletters--international, national, and regional--appearing regularly and dealing either exclusively or substantially with information and activities relating to adult education. This seventh revised edition contains information about 209 periodicals: 17 international, 21 regional, and 171 national. The periodicals are grouped by these three categories. Regional periodicals are further divided into those from Africa, Asia and the Pacific, Europe and North America, and Latin America and the Caribbean. National periodicals are arranged by countries, which appear in alphabetical order. Within each grouping periodicals are arranged alphabetically by title. These categories of information are provided for each periodical: complete title, translation of title, former title, languages, frequency of publication, place of publication, name and address of publisher, date of creation, indexing and abstracting coverage, subscription address, subscription cost, subjects covered, types of contents, editor and editorial address, other language titles, and other information. Some of the listings appear in French or Spanish. An index by title is provided. (YLB)

PREFACE

The Directory of Adult Education Periodicals provides a list of professional journals, newsletters - international, national and regional - appearing regularly and dealing either exclusively or substantially with information and activities relating to adult education.

This seventh revised edition contains information about 209 periodicals - 17 international, 21 regional and 171 national - which is 20 per cent more than the number of periodicals listed in the previous edition of 1979. The list is still incomplete, however, and we welcome any additional information that will immediately be entered in our masterfile and included in a subsequent edition.

This Directory is a reference source for persons seeking documentation on adult education. It is published as part of the efforts being made to improve the international exchange of ideas and experience concerning adult education by providing easier access to information and documentation.

Other directories obtainable on request from the Adult Education Section, Unesco, are:

. Directory of Adult Education Training and Research Institutions (1982);

. Directory of Adult Education Documentation and Information Services (1984)*;

. Directory of National Adult Education Co-ordinating Bodies (1984).

La liste demeure toutefois incomplète et nous serions heureux de recevoir toute autre information complémentaire pour l'insérer dans notre fichier et l'inclure dans une prochaine édition.

Ce répertoire est une source de référence pour ceux qui cherchent à se documenter sur l'éducation des adultes.
